HVO

Become a pioneer in
climate protection

Advantages of HVO

✓ You avoid
emissions on
diesel routes

✓ You drive
exclusively
with biofuel

✓ You protect
the local
environment

Moving fossil-free – with biofuel

About
-90% CO₂e
Compared to
fossil diesel

Less air
pollutants
For clean air
directly on site

This is green.

Green fill-up.
Moving fossil-free.
Biofuel.

no. 164

deutschebahn.com/green

Our standards ensure sustainability

- 1 Production from biological waste materials only
- 2 Cultivable land for food production is preserved
- 3 No use of palm oil and palm fat distillates
